

YOUTH TODAY

Empower Youth IN Ministry

Kingdom Partnerships: New and Ongoing!

As our world slowly comes out of the confusion and isolation of the pandemic, Christian Endeavor is working to connect deeply with churches, youth workers, schools, camps and students. We are thrilled at all that God is doing through these intentional partnerships!

- Our denominational partnership with the Evangelical Congregational Church is continuing into a second year. C.E. is resourcing and equipping churches to more intentionally and fruitfully empower youth IN ministry.
- C.E. is continuing to partner with Conestoga Christian School in Southeast PA to train, develop and unleash their student leaders.
- Josh Good had the opportunity this summer to speak to over 300 middle school students and forge relationships with the counselors, staff and leadership at Camp Timber-Lee in Wisconsin. We're eager to see how God continues to use this partnership to empower young people in churches in Wisconsin and beyond!
- C.E.'s Multi-State Youth Worker Cohort continues to meet via zoom for a bi-monthly time of connection, encouragement and equipping. We're inspired by how these youth leaders are continuing to empower students in the midst of an ever-changing ministry landscape!

New C.E. Mission Weeks Director

"Mission Weeks has been part of my life since I was a kid, and I've always loved seeing how the Lord works in the lives of teens in one week."

Susan Markloff's excitement to see young people grow will fuel her efforts as she steps into the role of C.E. Mission Weeks Director. She fills the position that her father, Paul, occupied for the last six years. While Susan leads the Mission Week ministry, Paul will continue to coordinate projects.

Mission Weeks 2022 are scheduled!

Fayette County, WV – July 3-9 & July 10-16

Lawrence County, PA – July 17-23 & July 24-30

Digital Resource Bundles

A New Way to Equip Local Churches

Christian Endeavor is implementing a new way for churches to digitally access training and equipping resources while having the opportunity to connect with C.E. staff for ongoing support, coaching and insight. More information about these resources can be accessed at www.CEworks.faith/resource-bundles.

College/University Partner Program

This program connects institutions of higher learning with C.E. so young people can hear about opportunities available to them if they desire to pursue Christian higher education. Seven schools partnered with C.E. in year one including Lancaster Bible College as our first Gold Sponsor. Asbury Theological Seminary, Eastern Nazarene College, Emmaus Bible College, Messiah University, Mid-Atlantic Christian University and Trinity Western University are also currently partnering with C.E.

Summer Assembly 2021

By Meredith Sweatlock – Honey Brook Presbyterian Church, PA

Summer Assembly 2021 was held in person. Getting together with a group of people in person to worship and talk about God was even better because it has been so long since we have been able to gather.

Doc Maddison was our speaker this year, which was amazing. Listening to him speak is always so inspiring. One of his main topics of the week was a notebook revival. He told everyone to take out their notebooks before each session, and everyone took notes on what he said. He gave us four main steps on how we should approach listening to a sermon. The first step was to come hungry. This means that we should come ready to listen and absorb God's word. The next step is to eat your fill. This means that we need to take in all that we can during the session. The final two steps go together, and they

are to take the leftovers home and share them. This means that we should take home what we learned at church or summer assembly and share it with those around us.

It was amazing to be surrounded by people while playing games, singing, participating in Bible studies, or listening to the session. Everyone, myself included, connected a lot with Doc's messages. They inspired me to look at how I am living, and if I am living for God 24/7.

Summer Assembly is a week-long summer experience designed to inspire and equip the next generation to live and lead for Christ
